The Ca' degli Ulivi Golf Club lies on a hilly area right by Lake Garda. From some of the greens you can enjoy a breath-taking scenery over the lake. Blessed by a very mild climate, the golf club is open all year round and its championship greens are always available. The "Mirabello" 9-hole course is ideal both for those wishing to practise their short game and for beginners wishing to discover the joy of this sport in marvellous surroundings.

A modern conception and work of Jim Fazio. It winds up and down the sweet morenic hills in the hinterland of Lake Garda, alternated with charming views of Monte Baldo and the deep turquoise of the lake. The 18 Championship holes extend on a surface of 800.000 square meters, in whose quietness every player can find the right moment to play and relax.

Spread out among vineyards which frame the Custoza hills in the west of Verona, the Verona Golf Club is located in an immaculate and picturesque landscape. Thanks to its historical background, its beautiful course, its comfortable clubhouse and the helpfulness and efficiency of its staff as a whole, the Golf Club Verona can be considered as one of the most prestigious ones in Europe. From the very beginning the Verona Golf Club has been a supporter of an agronomic, ecocompatible system of management with a low impact on the environment, and this year it has acquired the prestigious green flag: "Committed to Green".

Golf Club Villafranca first opened in the early 90's on the gentle slopes at the foothills of the wine land of Custoza.

In spite of its quiet location, Golf Club Villafranca is easily reachable from the highway A4 Sommacampagna Exit which is about 3 km from the Club site. The golf course, planned by the President Ferruccio Corrado Bertolini, has now 18 holes but another 9 holes will extend this beautiful place making it the most important in the Veronese district.

Gardagolf is known to experts as one of the best courses that has been realized over the last fifteen years. Extending over a total area of 110 hectares it was conceived by the English architects Cotton, Penninck Steel & Partners and composed of a 27 holes course which lies between the Rock of Manerba (Rocca di Manerba) Soiano Castle and the Valtenesi hills offering extraordinary panoramic views of the beautiful surrounding countryside with its cypresses, olive groves, centenarian oaks and maritime pines.

Just a few kilometres from lake Garda and the centre of Salò lies the Farm 'Il Colombaro'; thirteen hectares of grass, olive groves and a small lake frame an old farmhouse, whose turret dates back to 1400. For those who love golf there is a course with nine holes, Driving Range, Putting Green, Pitching Green.

Golf Bogliaco, created in 1912 as third in Italy, lies in a basin at an altitude of 100 metres, covered with oleanders, laurels, cypresses and olive trees. The raised position gives a splendid view over the full length of Lake Garda and of the mountains which surround it.

Players and visitors to Golf Bogliaco are welcomed by a warm and friendly environment where everyone does their best to make visitors feel at their ease.

Though not long, the course puts even expert golfers to the test, demanding shots which require the most careful attention and great precision in order to centre the fairways and the well-protected greens.
